SUMMARY

Front-End Web Developer with recent experience in Back-End. Skilled in creating responsive and intuitive user interfaces using modern JavaScript frameworks. Passionate about continuous learning in Computer Science, Mathematics, Physics, and Philosophy. Experienced in customer-focused environments and collaborative team projects.

TECHNICAL SKILLS

Frontend: ReactJS, HTML5, CSS3, JavaScript, TypeScript, Tailwind, Bootstrap, jQuery

Backend: Java, Python, Node.js

Tools & Others: Git, GitHub, Docker, Azure DevOps, Figma

EXPERIENCE

Front-End Developer

2024 - Currently

DIFOKO IT Solutions BV

Sole Front-End Development team member on startup project responsible for design and implementation of UI and UX elements as well as integration with Back-End team

Key Accomplishments:

- *Develop comprehensive Front End UI for the entire website using React and Figma*
- *Develop and deploy web servers with API endpoints using NodeJS, Django and Docker*
- *Collaborate with DevOps, Database Engineering, and ML teams to integrate trained LLM responses.*
- *Implement Agile Development Methodology using Azure DevOps to maintain project efficiency*
- *Successfully integrate websites with backend services, including databases and API.*
- *Create prototypes and mockups for new features, enhancing UX and UI design*

Front-End Developer

Feb 2024

ConsultUs Global

Responsible for redesign and development of the entire website

Key Accomplishments:

- *Delivering on an agreed upon 1 month timetable with overseas clients. Accounting for multiple time zones while maintaining other personal work commitments.*
- *Managing multiple requested design requests to satisfy clients' design vision.*
- *Working with a graphic designer to provide a professional and modern user interface with key focus on responsiveness.*

Specialist Contact Consultant

2023 - 2024

NationWide Building Society

Liaising with Solicitors and Mortgage brokers to facilitate completion of mortgage applications for Building Society Members.

Key Accomplishments:

- *Maintaining an 11 day average turnover for all applications from submission to completion.*
- *Calculating available mortgage funds based on applicant income, tax bracket and projected rental revenues*
- *Communication with over 10 intercompany departments to process application documents.*

Customer Support Administrator

2022 - 2023

SwimExpert

Scheduling management for client bookings with Professional Coaching Staff across 15 venues and over 40 Coaching staff members.

Key Accomplishments:

- *Working with bespoke software to provide over 200 customers with tailored booking schedules on a weekly basis.*
- *Working in a small team to provide a minimum 3 hours notice to all unexpected schedule changes, including rescheduling and updating client facing software with updated schedule information.*
- *Maintaining the company database of bookings, Coaching Staff schedules, Venue availability and pricing information for all available coaching packages.*

Customer Support Agent

2020 - 2022

BT Group

Working within BT and EE to organise scheduling for Engineer call outs for fault resolution and manage billing and contract queries, including sales.

Key Accomplishments:

- *Hitting 15% sales target on all customer interactions on a monthly basis.*
- *Direct technical support for issues with customer internet connection for ADSL, FTTP, FTTC and G.Fast network structures.*
- *Fault support for home phone issues for PSTN and VoIP*
- *Technical support for software issues including IP address configuration, device connection diagnosis and Router software malfunctions.*
- *Technical support for email server issues on computer and mobile devices for POP3 and IMAP as well as accessing database information for password reset and account recovery.*
- *Diagnosing signal issues for EE customer mobile data connection.*

Applications:

PROJECTS

Project Name | ConsultUs Website

Link to GitHub | <https://github.com/Clive-Makongo/consultus>

Link to Deployed Project | <https://consultus.com.tr/index.html>

- *A website for ConsultUs Global, an Engineering consultancy company.*
- *Implemented with HTML5, CSS3, JavaScript and Bootstrap.*

Project Name | Wellness App

Link to GitHub | <https://github.com/angelica-zach/wellness-app>

Link to Deployed Project | <https://group4-wellness-app.netlify.app/>

- *Our page is to help simplify fitness. It consists of a meal planner with calorie and diet-type features, to ensure it is inclusive to dietary requirements. It also has a workout planner to help you plan your fitness. And last but not least, a self-care page, where you can input a skincare routine and see helpful stretching videos*
- *Implemented with ReactJS, HTML5, CSS3, JavaScript and API calls with Axios.*

Project Name | Mood App

Link to GitHub | <https://github.com/angelica-zach/Mood-App>

Link to Deployed Project | <https://angelica-zach.github.io/Mood-App/>

- *MoodMatch is a web application that helps users discover music playlists based on their mood, provides information about venues related to the artists in the playlist*
- *Implemented with HTML5, CSS3, JavaScript and API calls to Spotify and BandsInTown.*

Project Name | 2D Physics Engine

Link to GitHub | <https://github.com/Clive-Makongo/physEng>

Link to Deployed Project | <https://clive-makongo.github.io/physEng/>

- *A 2D Physics Engine implementing Vector calculus and Object Oriented Programming.*
- *Implemented with HTML5, CSS3, JavaScript.*

EDUCATION

Front End Web Development Boot Camp Certificate: edX

An intensive program focused on gaining technical programming skills in HTML5, CSS3, JavaScript, JQuery, Bootstrap, Firebase, Node.js, MySQL, MongoDB, Express, Handelbars.js, and ReactJS. *Program Summary optional*

A-Levels:

- *Mathematics: B*
- *Biology: B*
- *History: B*
- *Chemistry: C*

GCSEs:

- *Mathematics: A**
- *English: A*, A*
- *Physics: A*
- *Chemistry: A*
- *Biology: A*
- *History: A**
- *Geography: A*
